The Mayors Minute or two..

It seems we are getting back to "Normal" What ever that means? There is still a lot of cleanup to be accomplished, repairs made to bridges and many other jobs to be completed. Public Works superintendent Steve Draper is guessing it will take upwards to a year to get it all done. All of our bridges may be in some form of disrepair, waiting for the state bridge inspectors report on that, the footbridge from SW 2nd St. ended up behind the Grocery store as one example.

Many lost possessions which are irreplaceable, and for that I'm so sorry. We have found out that help from FEMA isn't there because our damages didn't exceed \$5 million plus dollars. And flood insurance is another matter, If you are in the flood plain you are required to have flood insurance, but collection on that is another matter entirely! Its like trying to pound sand into a hole, doesn't get you very far.

I'm guessing many of us have spent too much time watching TV, also between the riots/protesting and Covid-19, I'm ready to start watching Hop-along Cassidy in black and white. Those days are long gone I'm afraid. I have no problem with peaceful protests, but the riots are something else entirely, burning and looting your own community or destroying others property is not OK or even close to it.

I've also watched the constant updates on the pandemic and I'm afraid we are in for the long haul there. Please continue to be cautious, wash you hands and wear a mask when deemed necessary. We can't afford to lose a single one of you when it is preventable.

City Hall and the Library are back to normal hours until or if the Governor deems it necessary to drop our stages back. We may not always agree with mandates, but I for one don't intend to test the water and bump heads with her. Her information seems to be stable, and she has many professional advisors. We just want this community safe and healthy, and we also must protect our employees. We can't lose them either.

This is starting to sound all gloom and doom and its not intended to. We are so very lucky to live where we do, with the people we do. This community is awesome, just see water running down the road in front of your house to confirm that statement. So many, many people were out there helping where needed.

A big thank you to Officer Badal for his painting on City Hall / Police Station. You are appreciated Daniel! Thanks go out also to former Officer Jarod Flatau for his 3 years of service to our community. He is joining the Hermiston department. Thanks for your time and effort Jared.

Happy Trails! It will get better :O) P.S. Remember to do you Census!!

Virginia Carnes,
Mayor
