The Mayors Minute or two..

It seems as if life is once again moving too fast. June is simply disappearing. So many events are happening, high school and college graduations, weddings, and other life changing circumstances. We just need to keep treading water and hanging on to our important times. Things are also changing in our communities. We are experiencing some possible changes and that is a good thing from my perspective. We have always looked for a way to increase. Our economic development and it appears to be happening. New businesses, new opportunity, and that is a good thing. What can you do to increase our livability? Look around your property if you did not already live there. Would you want to live there? If not, why not? So, what can you do about it? If you were just driving through or around Pilot Rock, would you choose to live here? We need to do another Community Clean-Up weekend don't we? Any volunteers out there to help? Call me @ 541-443-5832 or 969-6033.

Let us be positive when change is happening, we can all be either a part of the problem or part of the solution. Each can have its place but, I can suggest that being positive is more productive. Come to the next council meeting on Tuesday the 15th and listen to a possibility! Seriously!!

My sympathy to the Thorne Family on the loss of Jon, much much too early.

I am still going through lots of physical therapy but, I plan to return to council meetings on the 15th. My legs still are not working but the spirit is strong :O)

Enjoy June!
