MONDAY-FRIDAY 8 AM-5 PM

Progress, Pride and Possibilities

September 9, 2011

Mayor: Virginia Carnes

City Council:

Mike Baleztena, Ray Corwin,

George Hall, Shawna Kirk,

Kacie Moss and Annie Tester

In Remembrance of 9/11/01

City of Pilot Rock

The next City Council meeting will be held on Tuesday, Sept. 20, at 7 pm in Council Chambers.

The Burn Ban is in effect until September 15, 2011, although there is a County Wide Burn Ban in effect through the Pendleton Round Up. Use caution when burning after Round Up. We are still in a very high fire danger situation. It should also be noted that a garden hose, attached to a city water supply, must be in place when it is safe to burn again. Also, household garbage cannot be burned!---Chief Richman

The Police Dept. once again has a direct line and that number is 541.443.1224.

Pilot Rock Flu Shot Clinics Sponsored by Rite-Aid

Community Center News

" Community Center Building Windows"

The Board members for the Pilot Rock Park & Recreation District are extremely grateful to the Meyer Memorial Trust Grassroots Grant Program for their support in helping to fund the installation of all new energy efficient windows in the Community Center. The new slide-by windows with screens look very nice and should contribute to better efficiency in keeping the building warmer in winter and cooler in the summer. The Board also would like to thank the City employees for their help with the grounds and parking area.

Special Thanks !

A very special thank you goes out to all of the tremendous volunteers who helped with

Community Day's/

Reunion Weekend 2011!. You are an awesome group and your efforts are so appreciated!

Meetings for 2012 will resume on January 30. It would be wonderful to see many new faces and of course, welcome the seasoned volunteers back! You are all so appreciated! This effort is truly community building in the best sense of the word!

Community Leathers Class Resumes Thurs., Sept. 22!

All persons interested in leather crafting will once again meet in the High School Leather's Room on Thurs., Sept. 22 @ 7 pm. Ed Sherman is the instructor. This class was offered all last year, and is back by popular demand! For further info. please contact Mr. Sherman @ 541.377.0445.

Individual pictures at PRES are Monday, Sept. 12.

Lost & Found Youth

Lost and Found Youth Outreach is a program designed to give opportunity for youth to grow and mature as young adults by becoming part of their community for the enhancement of society. This last year Lost and Found has been busy doing various service projects in the community with a focus on cleaning up yard debris for some of our elderly and homebound people as well as cleaning and assisting in clean up for our community parks. Recently Lost and Found has been recommended for the Governor's Award in the State for their outstanding service to its communities.

Lost and Found is also a mentoring program designed to connect youth to strong and encouraging role models. Through varied activities these role models are able to bring intentional positive reinforcement into the lives of youth.

We hope to continue these efforts in serving both youth and community although it does come with cost. We are asking for people and or businesses in the community to help support this worthwhile program. Our current goal is to raise \$1000 dollars in two months that will help us cover the program, fuel and incentive activity costs.

For more information and or to donate to this program you can reach Rick Lynch at (541) 215-3884, Harley Jeffers at (541) 240-1478 or Jamie Baker at (541) 443-2185. Checks can be made out to Lost and Found Youth Outreach.

4 Things you might not have known about your Cell Phone

FIRST (Emergency)

The Emergency Number worldwide for Mobile is 112. If you find yourself out of the coverage area of your mobile network and there is an Emergency, dial 112 and the mobile will search any existing network to establish the emergency number for you, and interestingly, this number 112 can be dialed even if the keypad is locked. Try it out.

*SECOND (Hidden Battery Power)

Imagine your cell battery is very low. To activate, press the keys *3370#. Your cell phone will restart with this reserve and the instrument will show a 50% increase in battery. This reserve will get charged when you charge your cell phone next time.

*THIRD (How to disable a STOLEN mobile phone?)

To check your Mobile phone's serial number, key in the following Digits on your phone:

*#06#

A 15-digit code will appear on the screen. This number is unique to your handset. Write it down and keep it somewhere safe.

If your phone is stolen, you can phone your service provider and give them this code. They will then be able to block your handset so even if the thief changes the SIM card, your phone will be totally useless. You probably won't get your phone back, but at least you know that whoever stole it can't use/sell it either. If everybody does this, there would be no point in people stealing mobile phones.

And Finally....

*FORTH (Free Directory Service for Cells)

Cell phone companies are charging us \$1.00 to \$1.75 or more for 411 information calls when they don't have to. Most of us do not carry a telephone directory in our vehicle, which makes this situation even more of a problem. When you need to use the 411 information option, simply dial:

(800) FREE411 or (800) 373-3411

without incurring any charge at all. Program this into your cell phone now.
