# THANK YOU

The 6th grade class of Pilot Rock Elementary would like to say thank you to all of you who contributed to our can drive, baked food sale, and to Dawndi Johnson for all of the cinnamon rolls she made and sold. We had a wonderful field trip to the Oregon Coast! The Support of our parents, faculty, and the good people of Pilot Rock made it possible.  
Thank you Very Much.

We still have rabies certificates @ City Hall, please stop by and pick yours up!

It's time to honor our American Heroes again! Pilot Rock School District will be hosting its second annual Veterans' Day Assembly on Monday, November 10 at 10 a.m. in the high school gym. The assembly is open to everyone, so please plan on attending and honoring our local veterans.

The assembly will feature a presentation from retired Marine Tom Tangney as well as musical selections from each of our elementary classes. It should be a great morning to honor our local veterans for their service to our country.

If you are a veteran, you and a guest are invited to a breakfast at the high school prior to the assembly. We'll start serving coffee at 8:30 and the breakfast will be served at 9. If you are planning on attending the breakfast, please RSVP to Brenda at (541) 443-2671. Please help spread the word about this event to other veterans that you may know.

### TRACE YOUR FAMILY TREE WITH HELP FROM UCSLD

Interested in your family tree? Library card holders from each of the 12 city libraries in Umatilla County have access to *HeritageQuest Online*.

*HeritageQuest Online* is a web-based tool which allows you to start exploring your heritage by using surnames. All you need to explore your family history is a computer with an Internet connection and your library card in good standing. The convenience of the Internet allows you to search from your local library or from the comfort of your home. You have access to a database containing millions of records - from as far back as the 1700's.

Once connected to *HeritageQuest Online*, users will find several paths to finding information -

- **U.S. Federal Censuses** feature the original images of every extant federal census in the United States, from 1790 through 1940, with name indexes for many decades. In total the collection covers more than 272 million names.
- **Genealogy and local history books** deliver more than 7 million digitized page images from over 28,000 family histories, local histories, and other books.
- **Periodical Source Index (PERSI) Archive** (1800-2009), published by the Allen County Public Library, contains more than 2.3 million records covering both English and French periodicals published around the world since 1800.
- **Revolutionary War** records contain original images from pension and bounty land warrant application files helping to identify more than 80,000 American Army, Navy, and Marine officers and enlisted men from the Revolutionary War era.
- **Freedman's Bank** records, with more than 480,000 names of bank applicants, their dependents, and heirs from 1865-1874 offers valuable data that can provide important clues to tracing African-American ancestors prior to and immediately after the U.S. Civil War. It is considered one of the most important resources for African-American genealogical research.
- **U.S. Serial Set** records the memorials, petitions, and private relief actions made to the U.S. Congress back to 1789, with a total of more than 480,000 pages of information.

*HeritageQuest Online* is a service provided by the Umatilla County Special Library District (UCSLD) through a group purchasing agreement made on behalf of the public libraries in the County and is provided at no cost to users. This is another example of the District's innovative use of taxpayer dollars to bring exemplary service to the residents of Umatilla County.
